

Fiber Optic Fixed Downlight

Add versatility to any application.

Description

The FD-700 Series Fixed Downlight by SV accommodates greater fiber quantities to provide greater amounts of light for more traditional downlight applications. Choices of mounting styles add installation versatility to any application. A variety of finishes are available to suit any architectural, commercial or retail design. The FD-700 series is designed to work with End Beam fiber.

Specifications

Construction

Fixture housing is made of machined brass or aluminum and finished for lasting beauty and durability. Finishes include natural brass and aluminum, black aluminum and white aluminum. Spring or screw mounting secures fixtures tightly into walls and ceilings. Compression fitting hold fibers tightly into fixture. 2" (50mm) diameter.

Cabling

The FD-700 series accommodates up to a 150-strand End Beam cable.

Warranty: 2 years
